- 4) Business:
 - a. There were only three people (Anne Miller, Bob Atchinson and Rich Phillips) at the regular 10/3/11 meeting. A tentative decision was made to hold the proposed 10/29/11 Energy Day session with residents already using alternative energy explaining their systems to others. We developed a preliminary list of potential homeowners to present. No final decisions were made due to the attendance.
 - b. We decided to proceed with the Energy Day but shorten it to 10:00 AM to 12:00 PM with refreshments during the morning. The revised time will be included in the flyers around town and in the November Field Notes that should be out just before the 29th. The period 10:00 to 11:30 will be for the table and after will be a discussion of ideas to move forward.
 - c. We decided to group the technologies at tables.
